

**Billings Animal Family Hospital  
Boarding Drop-Off Form**

Welcome to Billings Animal Family Hospital’s boarding service. While we do not have a large boarding facility, we welcome client’s pets for boarding on a limited, first-come basis. Since we are not a large facility and have veterinarians on staff, your pet gets more individual attention and can receive veterinary care if necessary.

If you have not specifically requested veterinary attention for your pet, we will assume that it is in good health and it will not receive any specific doctor attention. If you would like to request an exam or additional treatment while your pet is boarding, please bring it to our attention. Our kennel attendants are very conscientious and readily bring to our attention any animal that does not appear to be feeling well. Symptoms such as poor appetite, vomiting and diarrhea or severe anxiety about boarding are quickly brought to the attention of the certified technicians and doctors.

**Please indicate your wishes for exams/treatments while your pet is in our care:**
